

How to unlock greatness & unlimited potential in everyone

Thursday, 12 May 2016 in G0545 at 6 p.m.

World-famous researcher, chiropractor, author and lecturer

Dr. Joe Dispenza

<http://www.drjoedispenza.com>

As a world-famous teacher and lecturer, Dr. Joe has been invited to **speak in more than 27 countries on six continents**, educating thousands of people in his trademarked easy-to-understand, encouraging, compassionate style, on how people can re-wire their brains and re-condition their bodies to make lasting changes.

Since the release of the movie ***What the Bleep do we (k)now??*** in 2004, his work has expanded, deepened, and spiralled in several key directions—all of which reflect his passion for exploring how people can use the latest findings from the fields of neuroscience and quantum physics to not only heal illness but also to enjoy a more fulfilled and happy life.

Come to this lecture and give yourself the opportunity to see and understand life from another perspective!

Suggested Donation which will be given to charity: €10 (only for non-members)
