Using Spiritual Dialogue As A Means To Recreate Who You Are

"The deepest secret is that life is not a process of discovery, but a process of creation. You are not discovering yourself, but creating yourself anew. Seek, therefore, not to find out who you are, seek to determine who you want to be." - Conversations With God by Neale Donald Walsh

✻ **This workshop is a journey to the heart (the essence) of the "Conversation with God" principles, an exploration of what God, the God of today and tomorrow, not yesterday's God, really wants.**

"Come for your Free Spiritual Makeover."

In addition to authoring the renowned With God series, **Neale Donald Walsh** has published 12 other works, as well as a number of video and audio programs. Available throughout the world, each of the CwG dialogue books has made the New York Times Bestseller list, Conversations with God-Book 1 occupying that list for over two and half years.

The 'With God' Book Series has redefined God and shifted spiritual paradigms around the globe. In order to deal with the enormous response to his writings, Neale and his wife, Nancy Fleming-Walsh, created the Conversations with God Foundation, a non-profit educational organization dedicated to inspiring the world to help itself move from violence to peace, from confusion to clarity, and from anger to love.

Neale's work has taken him from the steps of Macchu Picchu in Peru to the steps of the Shinto shrines of Japan, from Red Square in Moscow to St. Peters Square in Vatican City to Tiananmen Square in China. And everywhere he has gone—from South Africa to Norway, Croatia to The Netherlands, the streets of Zurich to the streets of Seoul, Neale has found a hunger among the people to find a new way to live, at last, in peace and harmony, and he has sought to bring people a new understanding of life and of God which would allow them to experience that.
