

ASCENSION INTO THE 5D FREQUENCY OF INFINITE POSSIBILITIES

Every moment we spend in the higher frequencies - we
raise the consciousness of the world

25th May 2022 6pm via zoom

The 5th is not a physical location
but rather a frequency, a state of
being. Its inside us and all
around us.

IT IS US!

You only have to tune in.

Mike is a Medium and a healer, his background is in natural health research. He is the author of two books '*Reversing Disease Naturally*' & '*Proof of Survival*'. He uses his knowledge of natural medicine and his gift of Spirit communication to heal mind and body of those in need. He also runs a weekly healing circle and a fortnightly Spirit communication development circle.

Mike reveals to us how to transcend the 3D world of self-limiting beliefs into the world of infinite possibilities of 5D frequency of higher consciousness. With the planet vibrating at a faster speed to accommodate this new frequency, we will bear witness through science and academia, how to change the PH value of water, how to alter DNA cell conductivity! We can see without eyes and remote view anything in the universe. Why? Because 5D consciousness understands that everything we need is already in the field. You only have to tap into it. Mike will show some examples of his personal remote viewing, in this way you will understand that ordinary people have extraordinary talents. We also look at the effects Covid has on water and with thought alone, with the collective world of 5D frequency, we can change the whole energy surrounding it. And there is much, much more! What secrets does the universe reveal to us in 5th? What now are the endless possibilities for humanity as a collective. Come along and find out!
