Wheels of Light within the Human Aura

A Lecture by

Shirley Ward

Thursday, 13 March 97

5:30 pm

Entrance fee AS 50.-

F 10 01

Free to members

The auric field is a metaphor for life. As the frequency of energy that our body channels gets slower we become more physical. As it gets faster our state of being becomes refined and subtle, less physical. A person individual aura is created and controlled by the chakras, reflecting how ones life is actually lived. This lecture will include experiential work.
